

Freelance Drama Assistant

We are looking to widen our pool of drama facilitators to support our Saturday morning drama sessions in East Sheen.

About Knots Arts

Our mission is to create inclusive, friendly and fun sessions where children and young people feel safe and supported to develop their communication skills and build friendships. By meeting others who understand the challenges that social communication difficulties can bring, children are able to work together to embrace their differences and overcome any obstacles that they may present.

Our groups use drama and art to support children and young people with social communication difficulties. We work with a wide variety of children and young people, and embrace the spectrum of talents and interests that our group members bring to Knots Arts.

About our drama sessions

Knots Arts drama sessions run in East Sheen and are an exciting place for children aged 4 – 16 years old with social communication difficulties to come and make new friends whilst having fun.

Drama sessions consist of games and activities which are designed to support the development of team working, processing and understanding and speech and language. Each session begins with a sharing of news from our week, followed by drama games appropriate to the ability of the group and culminating in a drama activity such as story-telling, physical theatre or improvisation.
